ON TRIAL
Case of Chaplain McIntyre, of the Oregon, Before a Military Court.
CAPT. BRADFORD WANTED
Commissioners Request His Presence In Paris at Once—Americans Now In Possession of Four-Fifths of Porto Rico. There Is Much Sickness Among the Troops.

Denver, Sept. 27.—The trial of Chaplain Joseph P. McIntyre of the battleship Oregon, by courtmartial, for the alleged use of language unbecoming an officer of the navy and calculated to destroy the good order and discipline of the navy during the delivery of a lecture in Denver on Aug. 8, was begun yesterday. The judge advocate, Captain C. H. Lauchheimer, read the charges and specifications prepared by the prosecution. They included alleged extracts from the lecture in which the chaplain is made to say that Admiral Sampson reported himself within four miles of the Spanish ship Cristobal Colon when he struck her colors, in order that he might participate in the prize money, though he had nothing to do with the battle. He was also alleged to have said that when the Oregon went into the fight it met the Iowa, commanded by "Fighting Bob" Evans, going to the rear, where he stayed till the battle was over. He was also charged with saying that the Oregon was the only battleship in the navy that was honestly built.

ON TRIAL

Case of Chaplain McIntyre, of the Oregon, Before a Military Court.

CAPT. BRADFORD WANTED

Commissioners Request His Presence In Paris at Once—Americans Now In Possession of Four-Fifths of Porto Rico. There Is Much Sickness Among the Troops.

Denver, Sept. 27.—The trial of Chaplain Joseph P. McIntyre of the battleship Oregon, by courtmartial, for the alleged use of language unbecoming an officer of the navy and calculated to destroy the good order and discipline of the navy during the delivery of a lecture in Denver on Aug. 8, was begun yesterday. The judge advocate, Captain C. H. Lauchheimer, read the charges and specifications prepared by the prosecution. They included alleged extracts from the lecture in which the chaplain is made to say that Admiral Sampson reported himself within four miles of the Spanish ship Cristobal Colon when he struck her colors, in order that he might participate in the prize money, though he had nothing to do with the battle. He was also alleged to have said that when the Oregon went into the fight it met the Iowa, commanded by "Fighting Bob" Evans, going to the rear, where he stayed till the battle was over. He was also charged with saying that the Oregon was the only battleship in the navy that was honestly built.

Earl Cranston of Denver, as attorney for the prisoner, moved that the charge be quashed on the ground that the remarks were not of a scandalous character and only such as are used frequently in the public press and by the people generally. He held that the statements charged could not have affected the discipline of the navy. He also argued that there was no denial of the alleged statements and no charge of malicious intent, and that the charges of fraud in the building of vessels were against contractors and not against the naval department. The court denied the motion to quash. The prisoner then entered a plea of not guilty and the court adjourned.

PEACE COMMISSION.

Washington Authorities Receive First Word From Them.

Washington, Sept. 27.—The first word that has come to Washington from the American members of the peace commission since their departure, save a brief announcement of arrival in England and was received at the navy department yesterday, being a cablegram requesting that Captain Bradford, chief of the equipment bureau, be sent at once to Paris to assist the commission. As the officer is the leading expert of the navy department in the matter of coaling stations, ocean routes of communication and strategic points, the inference is that the commission expects to begin promptly the consideration of those subjects so far as they relate to the Philippines and the Ladroneas.

Respecting the latter group, from which the United States commissioners are to make a selection for a coaling station, it has been found that the only good harbor is on the island of Guam, the capital of the group, which was captured by one of the war ships bound for Manila. Yet if that is taken, there will be so little of the group thus left, without an ocean harbor, that it is believed that it would be best for both parties, the United States and Spain, to allow all of the islands to go with Guam into the United States' possession.

LOVE'S FLOWER GARDEN.
In Love's Flower Garden there is the full bloom of married happiness and the holy perfume of joyous motherhood for every woman who takes proper care of her health in a womanly way. For the weak, sickly, nervous, dependent woman, who suffers untold miseries in silence from weakness and disease of the delicate organs concerned in wifedom and motherhood, there are only thorns, and to let the perfume of motherhood be the aroma of death. No woman is fitted for the responsibilities of wifedom and the duties of motherhood who suffers in this way. Every woman may be strong and healthy in a womanly way, if she will. It lies with herself. She needs, in the first place, a little knowledge of the reproductive physiology of women. This she can obtain by securing and reading a copy of Dr. Pierce's Common Sense Medical Adviser. It contains 1008 pages and over 300 illustrations. It tells all about the ordinary ills of life, and how to treat them. Several chapters and illustrations are devoted to the physical make-up of women. It tells how to treat all the diseases peculiar to women. It gives the names, addresses, photographs and experiences of hundreds of women who have been snatched from the verge of the grave to live happy, healthy lives by Dr. Pierce's medicines. This book she can obtain free. It used to cost \$1.50, and over seven hundred thousand copies were purchased by women at that price. Over a million women now own copies. For a paper-covered copy send 21 one-cent stamps, to cover cost of mailing only, to World's Dispensary Medical Association, Buffalo, N. Y. For cloth-binding, send ten cents extra, or 31 one-cent stamps.

Captain Bradford has taken passage on the Lucania, sailing from New York next Saturday.

PORTO RICO.

Four-Fifths of the Island Now In Possession of Americans.
Ponce, Porto Rico, Sept. 27.—The Americans now hold four-fifths of the island. The Spanish are retiring upon San Juan from all directions and the American troops are moving up. Some slight disturbances have occurred at Barros and Fajardo, but their seriousness has been exaggerated.

Captain Hammel's company of the Third Wisconsin regiment entered Cayey Sunday. General Ernest has moved his headquarters to Aiboneto, but it is doubtful if his brigade will follow. The percentage of sick in his brigade is 42 and there are on the sick list in the entire command 2,600 men, 400 of whom are suffering from typhoid fever.

The transport Odom sailed today with 240 convalescents and the Relief left Arroyo with 260. The medical officers generally believe the troops should be sent north, but a few think their condition will improve when they cross the mountains and get into quarters.

CAMP WIKOFF.

Removal of Remainder of Troops to Their Stations Ordered.

New York, Sept. 27.—The deputy quartermaster general here, Colonel Amos S. Kimball, yesterday received orders from Washington to remove the remainder of the troops at Camp Wikoff to their various stations in the west and south. The first cavalry probably will be the next organization to move under previous orders.

The Ninth cavalry arrived here today on its way to stations in the department of Dakota. The regiment will go dismounted and on arriving in the depot of Dakota will find and use the horses of the regiment which has been guarding the Indians during the war. The regiment relieved by the Ninth will go to Huntsville and there receive the horses of the Ninth, which have been acclimated to tropical service. This arrangement will throw fresh troops into the field and give them acclimated mounts.

MEDICAL OFFICERS.

Orders Issued That Two Shall Always Remain With Regiment.

Washington, Sept. 27.—The war department has ordered that at least two medical officers shall always be left on duty with each volunteer regiment, including a surgeon with the rank of major, and all regiments will be allowed four hospital tents and field furniture to equip them for a regimental hospital for each regiment.

The regulations relative to the burial of officers killed in action or who die on duty in the field, at military posts or when traveling under orders, has been amended so as to provide that the remains may be transported to the homes of relatives if they so desire, or to the nearest military post for burial. That expense will be paid from the appropriation for transportation, and the allowance for other expenses has been increased to \$75.

Soldiers suffering confinement by sentence of courtmartial, but not dishonorably discharged, belonging to volunteer organizations, have been ordered paroled while their regiments are on furlough preparatory to being mustered out, and the unexecuted part of their sentences are declared remitted.

Wheeler Leaves Camp Wikoff.
New York, Sept. 27.—General Wheeler took his final departure from Camp Wikoff yesterday. Today the general will inspect the cadets at West Point, after which he will go to Washington. From that city he will start for Huntsville to assume command of the cavalry.

Knights Templars.

Those Who Will Respond to Toasts at the Conclave.

Pittsburg, Sept. 27.—The Knights Templars triennial conclave committee on entertainment has completed its list of the speakers for the grand encampment banquet at Duquesne Garden on the night of Oct. 12. The names of the knights chosen and the toasts to which they will respond are as follows: "Our Country," Sir William McKinley; "Our Absent Fraters," Right Eminent Sir Rouben H. Lloyd of San Francisco; "Templarism of the Twentieth Century," Sir Irwin P. Wanger; "The Grand Encampment," Grand Master Warren Lurie Thomas; "The Cross," Sir James I. Buchanan of Pittsburg; "Our Ladies," Eminent Sir Daniel H. Hastings.

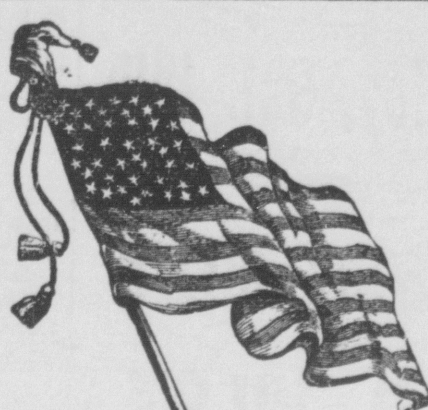

Thomas J. Shroyck, grand commander of Maryland, will be the toastmaster. President McKinley may not find it possible to remain in Pittsburg for the banquet. He is expected to arrive Oct. 11, in time to review the parade, and will probably leave for the west that night.

Bryan III.

Compelled to Remain in Washington With Malarial Fever.

Washington, Sept. 27.—Colonel William Jennings Bryan of the Third Nebraska regiment was unable to leave Washington yesterday for Jacksonville. "I have a touch of malaria," he said last evening, "and my physician told me that I would have to remain here for two or three days." Colonel Bryan was in bed where he passed most of the day. His face was flushed with fever and he remarked that he guessed he was a little tired out.

"I have been delaying my return to Jacksonville," he added, "for three or four days in the hope that I would feel

better the next day and be able to undertake the journey." Colonel Bryan expressed the reluctance with which he had admitted his illness. While he is disposed to look upon his illness as trifling, it is not at all improbable that he will have to remain in Washington longer than he has been calculating to enable the fever to run its course.

Over a Bridge.

Texas Central Passenger Train Wrecked. The List of Injured.

Corsicana, Tex., Sept. 27.—The south-bound Houston and Texas Central passenger train was wrecked six miles north of this city yesterday while going at a high rate of speed. Two coaches jumped the track and went over a bridge. They were completely demolished. No one was killed, but the following persons sustained serious injuries: Judge A. B. Davis, Oak Cliff, bruised about head and body and fracture of the skull; will die. R. W. Moore, Trenton. R. D. Berry, Dallas. Mrs. Emma Houston. L. A. Haff, Ennis. William Gaunt, St. Louis. John K. Richardson, Richmond. D. D. Duncan, Brownsville. R. B. Orne, Paris. Sterling Price, Paris. A. B. Yan's, Roly. W. J. Robinson, Ennis. William Wade, Calvert. Paul Foster, Calvert.

All the injured reside in Texas with the exception of William Gaunt.

Bank Failure.
Richmond, Va., Sept. 27.—The Allegheny bank at Clifton Forge closed its doors yesterday and announced an assignment. The line of deposits foot up about \$50,000. It is said 60 per cent of the deposits may be paid. Its capital was \$20,000.

Illinois Miners.

Call Upon Governor Tanner and Protest Against Importation of Labor.

Springfield, Ill., Sept. 27.—A large delegation of miners representing mines in different sections of the state, called on Governor Tanner yesterday afternoon to protest against the importation of negro miners into Illinois. The delegation was headed by President Hunter and Secretary Ryan of the United Mine workers. The governor expressed the strongest sympathy for the miners. He said that in the absence of federal legislation the worst class apparently could be gotten together and moved in great masses from one part of the country to another to the detriment of labor. He promised to exert all his power against the importation of labor. The Illinois statute prohibiting bringing armed bodies of men into the state, the governor assured the miners, would be enforced. The governor pointed out also that county boards of supervisors could refuse to pay for armed deputies to guard imported miners.

Broke Her Neck.

An Aged Louisville Lady Falls Down Stairs and Kills Herself.

Louisville, Sept. 27.—Mrs. Catherine Stelsey, aged 75 years, fell down the steps at her home in this city and broke her neck. Death resulted in a few minutes. Mrs. Stelsey, who had started up the steps to her room, nearly reached the second floor when she lost her balance and fell headlong down the stairs. She was immediately picked up by a grandson and carried to her room. A physician was summoned, but before he arrived Mrs. Stelsey was dead. He found that the woman's neck had been broken.

SPAIN'S ORDERS

Her Peace Commissioners Must Insist on Spanish Sovereignty in the Philippines.

HOBSON MOST CONFIDENT

That He Can Raise the Cristobal Colon in a Week, If Given Permission—Says He Expects to Return to New York on the Spanish Cruiser—General Woods' Advice to Capitalists.

Madrid, Sept. 27.—The cabinet has had under discussion Captain General Blanco's dispatch concerning the American claims in connection with the evacuation of Cuba.

Duke Almodovar de Rio, minister of foreign affairs, states that the Spanish peace commissioners have been instructed to contend strongly for the integrity of Spanish sovereignty in the Philippines, on the ground that the protocol between Spain and the United States was signed before Manila capitulated; and also to make a firm stand regarding the Cuban debt and the Philippine loan of 1890, if Luzon is ceded to the America.

Should the United States prove less exacting than is expected, the commissioners have power to make all possible concessions, political and commercial, compatible with the retention of Spanish sovereignty in the Philippines; but in the event of losing the portion of the islands, they are instructed to resist to the utmost any attempt of the United States to claim the right of preference over other powers should Spain desire to sell or cede the remainder of the islands.

CRISTOBAL COLON.

Hobson Says He Expects to Return to New York on the Vessel.

Santiago de Cuba, Sept. 27.—Details just received of the floating of the Spanish armored cruiser Maria Teresa show that with the help of dynamite she was blown off the rocks into deep water on Sept. 23, and proceeded under her own steam some time afterward to Guantanamo. She will leave shortly for New York.

Naval Constructor Hobson says he can raise the Spanish cruiser Cristobal Colon with the use of air bags in a week, if given authority to do so. Commodore Watson thinks he cannot. The Colon, it appears, was not seriously damaged by shells, but her valves were opened, which caused her to sink. The other two Spanish cruisers sunk in the battle of Santiago—the Almirante Oquendo and the Vizcaya—are useless wrecks of melted iron. Hobson says he expects to return to New York on the Colon.

In answer to a number of small capitalists who have written her asking for information and advice as to coming to Santiago, General Wood advises them not to come here until December, as there are no facilities at present for the transfer of property. After that time there will be many opportunities for the use of brains and capital.

The city of Santiago is cleaner and healthier now than ever before in its history. No cases of yellow fever are recorded.

Upon instructions from Washington, schools here will be opened on the first Monday in October.

FOR RELIEF PURPOSES.

All Vessels Bringing Supplies Will Be Given Free Entry In Cuban Ports.

Havana, Sept. 24.—General Blanco has authorized the free entry of the Comal and other vessels bringing supplies for the relief of the sufferers in Cuba. Matanzas now, and in the future, as reported, will be the first port where relief supplies will be landed, owing to Captain Page's report of the distress existing there. The Comal, it is supposed here, arrived at Matanzas yesterday.

The captain general has decided to remit the fine of \$500 imposed upon the Clinton because she did not have a manifest and has ordered the money to be refunded. The payment was made under protest and by direction of President McKinley.

The Junta Patriotica of Matanzas held a meeting, at which it was decided to address a letter to President McKinley, setting forth that "an immense majority of the people of this island adhere strictly to the government constituted by the revolution as being the only ideal of the Cuban people."

Committees have been appointed for the purpose of securing signatures to this document in every city and village of Cuba, which will make it a very lengthy affair.

GENERAL GOMEZ'S MEN

Have Eaten All Their Pack Mules and Still They Are Starving.

Washington, Sept. 27.—Senor Rivera, the Cuban subagent at Tampa, has been visiting Secretary Quesada of the Cuban delegation here for several days. He brings word of extreme distress among the Cubans in and about Tampa. He says about 3,000 of them are anxious to return to Cuba and begin work, but they are destitute and unable to make the move. Secretary Quesada receives similar reports concerning the condition of General Gomez's men. A telegram from Key West announces the arrival there of a commission from Gomez with a view to securing assistance. The dispatch states that the army is literally starving to death; that the pack mules have been killed and eaten until there is no further meat from this direction, and that the people are well nigh desperate.

Sent to the Pen.

Recent Mysterious Disappearance of a Young Man Explained.

Richmond, Ky., Sept. 27.—John Will Callahan, who mysteriously disappeared two weeks ago from relatives near Million, this county, and was thought to have met with foul play, turned up here in the custody of the sheriff of Jackson county, who was taking him to Franklin, along with two other prisoners, to serve a term of three years in the penitentiary. It seems that a few hours after leaving his uncle at Million he was arrested in this city on the charge of stealing a cow, and hurried away to McKee, having barely time to send back to his uncle at Million the mysterious note that led to the murder theory. All trace of him was lost and his relatives here knew nothing of his crime until he was brought here by the sheriff who told of his conviction at the recent term of the Jackson court. Callahan is but 17 years old.

Brewery

Syndicate That Will Incorporate With \$25,000,000 Capital Stock.

Columbus, O., Sept. 27.—Papers will be filed here in a day or two incorporating a brewery syndicate with a capital of \$25,000,000. It is asserted on reliable authority that Jay Cooke of Philadelphia is at the head of the syndicate, which proposes to buy up all the large breweries of the country. It is said that options have been secured on nearly all the large breweries in Ohio. Hon. D. J. Ryan and T. E. Powell of Columbus and Senator Foraker are engineering the Ohio deal.

No matter how careful of my diet I suffered agonizing pain after eating. I was treated by many physicians and tried numerous remedies without permanent help. Two years ago I began taking Dr. Miles' Nerve and Liver Pills and Nerve. Case of Chaplain McIntyre, of the Oregon, Before a Military Court.

CAPT. BRADFORD WANTED

Commissioners Request His Presence in Paris at Once—Americans Now in Possession of Four-Fifths of Porto Rico. There is Much Sickness Among the Troops.

Denver, Sept. 27.—The trial of Chaplain Joseph P. McIntyre of the battleship Oregon, by courtmartial, for the alleged use of language unbecoming an officer of the navy and calculated to destroy the good order and discipline of the navy during the delivery of a lecture in Denver on Aug. 8, was begun yesterday. The judge advocate, Captain C. H. Lauchheimer, read the charges and specifications prepared by the prosecution. They included alleged extracts from the lecture in which the chaplain is made to say that Admiral Sampson reported himself within four miles of the Spanish ship Cristobal Colon when she struck her colors, in order that he might participate in the prize money, though he had nothing to do with the battle. He was also alleged to have said that when the Oregon went into the fight it met the Iowa, commanded by "Fighting Bob" Evans, going to the rear, where he stayed till the battle was over. He was also charged with saying that the Oregon was the only battleship in the navy that was honestly built.

Earl Cranston of Denver, as attorney for the prisoner, moved that the charge be quashed on the ground that the remarks were not of a scandalous character and only such as are used frequently in the public press and by the people generally. He held that the statements charged could not have affected the discipline of the navy. He also argued that there was no denial of the alleged statements and no charge of malicious intent, and that the charges of fraud in the building of vessels were against contractors and not against the naval department. The court denied the motion to quash. The prisoner then entered a plea of not guilty and the court adjourned.

PEACE COMMISSION.

Washington Authorities Receive First Word From Them.

Washington, Sept. 27.—The first word that has come to Washington from the American members of the peace commission since their departure, save a brief announcement of arrival in England and was received at the navy department yesterday, being a cablegram requesting that Captain Bradford, chief of the equipment bureau, be sent at once to Paris to assist the commission. As the officer is the leading expert of the navy department in the matter of coal stations, ocean routes of communication and strategic points, the inference is that the commission expects to begin promptly the consideration of those subjects so far as they relate to the Philippines and the Ladrones.

Respecting the latter group, from which the United States commissioners are to make a selection for a coaling station, it has been found that the only good harbor is on the island of Guam, the capital of the group, which was captured by one of the war ships bound for Manila. Yet if that is taken, there will be so little of the group thus left, without an ocean harbor, that it is believed that it would be best for both parties, the United States and Spain, to allow all of the islands to go with Guam into the United States' possession.

LOVE'S FLOWER GARDEN.

In Love's Flower Garden there is the full-blown rose of married happiness and the holy perfume of joyous motherhood for every woman who takes proper care of her health in a womanly way. For the weak, sickly, nervous, dependent woman, who suffers untold miseries in silence from weakness and disease of the delicate organs concerned in wifehood and motherhood, there are only thorns, and to her the perfume of motherhood is the aroma of death. No woman is fitted for the responsibilities of wifehood and the duties of motherhood who is a sufferer in this way. Every woman may be strong and healthy in a womanly way, if she will. It lies with herself. She needs, in the first place, a little knowledge of the reproductive physiology of women. This she can obtain by securing and reading a copy of Dr. Pierce's Common Sense Medical Adviser. It contains 1008 pages and over 300 illustrations. It tells all about the ordinary ills of life, and how to treat them. Several chapters and illustrations are devoted to the physical make-up of women. It tells how to treat all the diseases peculiar to women. It gives the names, addresses, photographs and experiences of hundreds of women who have been snatched from the verge of the grave to live happy, healthy lives by Dr. Pierce's medicines. This book she can obtain free. It used to cost \$1.50, and over seven hundred thousand copies were purchased by women at that price. Over a million women now own copies. For a paper-covered copy send 21 one-cent stamps, to cover cost of mailing only, to World's Dispensary Medical Association, Buffalo, N. Y. For cloth-binding, send ten cents extra, or 31 one-cent stamps.

Captain Bradford has taken passage on the Lucania, sailing from New York next Saturday.

PORTO RICO.

Four-Fifths of the Island Now in Possession of Americans.

Ponce, Porto Rico, Sept. 27.—The Americans now hold four-fifths of the island. The Spanish are retiring upon San Juan from all directions and the American troops are moving up. Some slight disturbances have occurred at Barros and Fajardo, but their seriousness has been exaggerated.

Captain Hammel's company of the Third Wisconsin regiment entered Cayey Sunday. General Ernest has moved his headquarters to Aliboneto, but it is doubtful if his brigade will follow. The percentage of sick in his brigade is 42 and there are on the sick list in the entire command 2,600 men, 400 of whom are suffering from typhoid fever.

The transport Obdam sailed today with 240 convalescents and the Relief left Arroyo with 200. The medical officers generally believe the troops should be sent north, but a few think their condition will improve when they cross the mountains and get into quarters.

CAMP WIKOFF.

Removal of Remainder of Troops to Their Stations Ordered.

New York, Sept. 27.—The deputy quartermaster general here, Colonel Amos S. Kimball, yesterday received orders from Washington to remove the remainder of the troops at Camp Wikoff to their various stations in the west and south. The first cavalry probably will be the next organization to move under previous orders.

The Ninth cavalry arrived here today on its way to stations in the department of Dakota. The regiment will go dismounted and on arriving in the depot of Dakota will find and use the horses of the regiment which has been guarding the Indians during the war. The regiment relieved by the Ninth will go to Huntsville and there receive the horses of the Ninth, which have been acclimated to tropical service. This arrangement will throw fresh troops into the field and give them acclimated mounts.

MEDICAL OFFICERS.

Orders Issued That Two Shall Always Remain With Regiment.

Washington, Sept. 27.—The war department has ordered that at least two medical officers shall always be left on duty with each volunteer regiment, including a surgeon with the rank of major, and all regiments will be allowed four hospital tents and field furniture to equip them for a regimental hospital for each regiment.

The regulations relative to the burial of officers killed in action or who die on duty in the field, at military posts or when travelling under orders, has been amended so as to provide that the remains may be transported to the homes of relatives if they so desire, or to the nearest military post for burial. That expense will be paid from the appropriation for transportation, and the allowance for other expenses has been increased to \$75.

Soldiers suffering confinement by sentence of courtmartial, but not dishonorably discharged, belonging to volunteer organizations, have been ordered paroled while their regiments are on furlough preparatory to being mustered out, and the unexecuted part of their sentences are declared terminated.

Wheeler Leaves Camp Wikoff.

New York, Sept. 27.—General Wheeler took his final departure from Camp Wikoff yesterday. Today the general will inspect the cadets at West Point, from which he will go to Washington. From that city he will start for Huntsville to assume command of the cavalry.

Knights Templars.

Those Who Will Respond to Toasts at the Conclave.

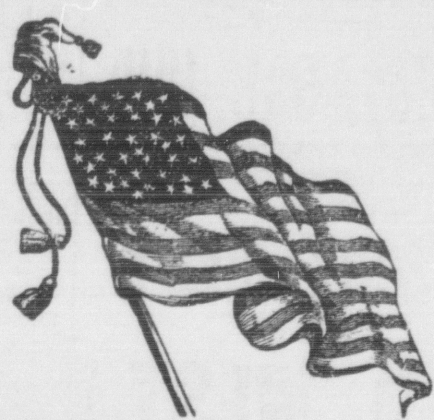

Pittsburg, Sept. 27.—The Knights Templars triennial conclave committee on entertainment has completed its list of the speakers for the grand encampment banquet at Duquesne Garden on the night of Oct. 12. The names of the six knights chosen and the toasts to which they will respond are as follows: "Our Country," Sir William McKinley; "Our Absent Fraters," Right Knight Sir Reuben H. Lloyd of San Francisco; "Templarism of the Twentieth Century," Sir Irwin P. Wanger; "The Grand Encampment," Grand Master Warren Lurie Thomas; "The Cross," Sir James I. Buchanan of Pittsburg; "Our Ladies," Eminent Sir Daniel H. Hastings; Thomas J. Shryock, grand commander of Maryland, will be the toastmaster. President McKinley may not find it possible to remain in Pittsburg for the banquet. He is expected to arrive Oct. 11, in time to review the parade, and will probably leave for the west that night.

Bryan Ill.

Compelled to Remain in Washington With Malarial Fever.

Washington, Sept. 27.—Colonel William Jennings Bryan of the Third Nebraska regiment was unable to leave Washington yesterday for Jacksonville. "I have a touch of malaria," he said last evening, "and my physician told me that I would have to remain here for two or three days." Colonel Bryan was in bed where he passed most of the day. His face was flushed with fever and he remarked that he guessed he was a little tired out.

"I have been delaying my return to Jacksonville," he added, "for three or four days in the hope that I would feel

better the next day and be able to undertake the journey."

Colonel Bryan expressed the reluctance with which he had admitted his illness. While he is disposed to look upon his illness as trifling, it is not at all improbable that he will have to remain in Washington longer than he has been calculating to enable the fever to run its course.

Illinois Miners

Call Upon Governor Tanner and Protest Against Importation of Labor.

Springfield, Ill., Sept. 27.—A large delegation of miners representing mines in different sections of the state, called on Governor Tanner yesterday afternoon to protest against the importation of negro miners into Illinois. The delegation was headed by President Hunter and Secretary Ryan of the United Mine workers. The governor expressed the strongest sympathy for the miners. He said that in the absence of federal legislation the worst case apparently could be gotten together and moved in great masses from one part of the country to another to the detriment of labor. He promised to exert all his power against the importation of labor. The Illinois statute prohibiting bringing armed bodies of men into the state, the governor assured the miners, would be enforced. The governor pointed out also that the boards of supervisors could refuse to pay for armed deputies to guard imported miners.

The democratic leaders have joined with the Spaniards in condemning McKinley's management of the war.

Now the soldiers who have returned say: "yes we saw many hardships as do all soldiers, but we have no complaint to make of the government which we enlisted to fight for. Thus the democrats are again without an issue.

From the tone of the Indianapolis Sentinel and from the democratic ex-changes at hand, it would seem that the democrats of the state did not get their campaign quite opened on Saturday night.

Now that the sick soldier issue has proved such a boomerang to the democrats, we would advise them to go back and take up the old argument of 1896, showing how the gold standard has driven the gold out of the country, how it is causing the depletion of the gold reserve in the treasury, etc., etc.

Bucklen's Aina & Salve

The best salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever sores, Tetters, Chapped hands, Chilblains, Corns, and all Skin Eruptions, positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per bottle. For sale by W. F. Peter.

WHY ALL THIS CHANGE.

The democratic party is not enlarging very much of late upon the beauties of a 30-cent silver dollar. It is not talking very much about the markets of the world. It is not making very many comparisons between the Wilson and the Dingley tariff laws. It is not saying a great deal about the endless chain that is taking the gold out of the treasury. It has no stomach for the question of deficits. Even the scarcity of money does not excite its commiseration. And its calamity howlers are singing a low mournful song. Why all this? Because the great heart of the party has gone out in sympathy for the sick and starved soldier and it is no time in the midst of sorrow to think and talk of sordid and wordly things.—Columbus Republican.

Can Sleep Like a Babe.

How many persons over thirty years of age in Seymour can truthfully make the above statement? Many persons will pay \$50 for a few nights of restful strength giving sleep, but you can get this bliss right here in Seymour for only fifty cents at Alpha Cox's Drug Store if you take Mrs. Mary Smith's advice who lives at 1511 Cooper St., Jackson, Mich. Mrs. Smith says: "No one knows how much I have suffered for the past three years. At times my back would pain me so badly that I almost cried. I did not rest well at night on account of the severe pain across my kidney and from nervousness. My feet and limbs were swollen like one with dropsy. I was subject to spells of dizziness and would almost fall when they would come on me. It is needless for me to say that I was unable to do my heavy household work which required me to bend or lift. In the early stage of my trouble I was informed that my kidney pills and other kidney remedies, but none of them gave me relief. My troubles multiplied and I had about given up all hope of ever being well again. I read about Morrow's Kidney-cure and procured a box and took them according to directions. In three days time I was greatly relieved. One box completely cured me. Not the least symptoms of backache remain. My nerves are steady and all the worst spells of dizziness and the swellings have disappeared in my feet and limbs. I can sleep like a babe. Have a splendid appetite, can do any kind of house work and in fact never felt better in my life. Morrow's Kidney-cure are surely a God send to suffering humanity. I feel so good that I want everyone to know about this cure, and desire my statement published that all who read may know what to take if afflicted as I have been."

Mrs. Smith has lived in Jack on nearly all her life and is a most estimable lady. She is sensible, pleasant, charitable lady and will gladly give anyone further details who will write her enclosing stamp for reply. Kidney-cure are Yellow Tablets (not pills) and cure kidney ailments and nervousness. They are for sale by all first class druggists or will be mailed by the manufacturers on receipt of Price, John Morrow & Co., Chemist, Springfield, Ohio.

The world is changed; no, nothing, nothing's right. My soul is bathed in deepest, darkest night. A few short hours, and yet the sun's bright ray Cannot transform my darkness into day.

For freedom! Ah, will Cuba ever know How her redemption fills my life with woe? Be brave, O heart, like up your soul to save. As thou, his all, those suffering souls to save. —Rose Van B. Speece.

THE ENGLISH NOT PROFANE.

Little Bad Language in London Outside of Petticoat Lane.

Little rough or rude language is used by the English. They even fight without swearing and get very drunk and noisy without employing strong language. They love to chaff and guy each other, and the crowds and the street people who drive horses and peddle goods and hang about the corners are a great deal wittier than most of us give them credit for being, but they seldom resort to bad language. I never heard much of it until I went to Petticoat lane, and I know a woman who has lived here two years and been constantly about town who tells me that in that time she has only heard one oath from an Englishman's lips. The worst word I heard in Petticoat lane was "bloody." That, however, is the worst word I could have heard—in English opinion it is the foulest word there is. I have only heard one man use it and he did not speak it. He was very angry, and he spelled it.

I am telling you this because I know that at home in America we associate it with the English and put it in Englishmen's mouths in our anecdotes, as if it were a matter of course that it should be used to give a local color to an English story. Americans come here and make use of the word for the comic value that they attach to it, and yet I assure my readers that if they tried to think of any really disgusting term they had ever heard and made use of instead they could not more startle or shock these English ears.

English sailors have brought the word "bloody" to our shores—sailors and prizefighters and stablemen, and only such persons cling to it here. What we consider a very much fouler word has a vastly wider circulation, but is not considered as bad as "bloody." All this is very strange and requires a native to explain it, especially as "bloody" is merely the contraction of the oath "by our Lady," which was more or less commonly used in the ancient days when this was a Roman Catholic country.

The people who try to swear without swearing—who in our country say "hully gee" and "by cripes," all use the word "blooming" over here. "I can't very bloomin well make you buy this bloomin thing, but I'll 'ave a bloomin try at it," is what I heard a street fakir say to a crowd the other day. There is no harm in that at all, and it is much more typically English than the word "bloody," besides being decent.

It is funny what mistakes nations make about one another. Over here the very smart thing in reporting the speech of us Americans is to make us all and always call ourselves "Amurricans." It may be true of us. This whole nation believes it. But I never heard an American so pronounce the name of our country, and yet I've got a quick linguistic ear, which is a thing the English utterly lack.—Julian Ralph in Providence Journal.

NAMES OF PEARLS.

About Five Thousand Small Ones Can Be Bought For Nine Dollars.

Pearls are named according to their size. The very large are called paragon pearls; when the size of a cherry, cherry pearls; medium are called piece pearls; smallest, dust pearls. The oval and long are termed pear pearls, while badly formed specimens are known as baroque. The value of pearls varies, of course, with the quality and general colors, but the piece, seed and dust pearls always have a market price.

The cherry and paragon are sold on an entirely different basis. If many fine ones are on the market at a time, they may be had at reasonable rates. Some years they bring almost any price. The last two years especially, the dealers say, there has been a great scarcity of fine pearls, although there is no falling off in the supply of the small stuff.

When a pearl exceeds one carat in weight, it is sold separately. Under that weight they are sold in parcels and become less valuable as they become smaller. The smallest dust pearls collected average about 5,000 to the tray ounce and are rated at about \$9 per ounce. If, on the contrary, the paragon weighing an ounce (or 160 carats) was on sale, it would bring any amount from \$20,000 to \$200,000, according to quality.—Philadelphia Times.

The Austrian government has a Hungarian opal 3 3/4 inches long and 2 1/2 inches thick. It weighs 17 ounces and is worth \$300,000. The fire opal, of a hyacinth red to a honey yellow, with firelike reflections of bright light, is valued at from \$5 to \$10 per carat.

Children as Grammarians.

Two little tots of 4 and 5 years respectively, living out of town, were anxiously awaiting the arrival of a favorite uncle from whom they were expecting a visit. The train came in, but no guest appeared, to the bitter disappointment of the little ones. They ran to their mother for consolation, the younger one saying:

"Mamma, don't you think Uncle Ned oughter come?"

"You mustn't say oughter; say shooder," put in the 5-year-old, with all the dignity that such a correction would imply.—New York Tribune.

In fasting feats the sect of Jains, in India, is far ahead of all rivals. Fasts of from 30 to 40 days are not uncommon.

Father Ryan.

No American poet has given clearer proof of the possession of poetic genius of a rare order than Father Ryan. Certainly no poet has achieved a more enduring fame and secured a warmer place in the hearts of the people of the south than the "poet priest." He is distinctively known as the poet of the "lost cause"—as the bard whose harp strings so sweetly and so pathetically the requiem of a brave and a proud people over the grave wherein their hopes and aspirations have been buried by the mysterious dispensation of an almighty and all wise Providence. This fact puts Father Ryan in a unique place, separated from any other American poet of his time. As to the high intrinsic literary value of the majority of his poems, of the genuineness of his poetic faculty and the excellence of his gift of song there can be no manner of doubt.—Albany.

Accidentally Shot.

THEY, Ala., Dec. 21.—As Sim Bowen was passing Pea river church school this morning on his way to hunt turkeys the two little daughters of Zeke Bryant, who were looking out of the school window, waved cheerily to the young man. In play Bowen raised his gun and pointed at the two girls. The fowling piece was accidentally discharged and both girls received fatal wounds from the head of shot. One died in a short while. The other is not expected to live.

The democratic leaders have joined with the Spaniards in condemning McKinley's management of the war.

Now the soldiers who have returned say: "yes we saw many hardships as do all soldiers, but we have no complaint to make of the government which we enlisted to fight for. Thus the democrats are again without an issue.

From the tone of the Indianapolis Sentinel and from the democratic exchanges at hand, it would seem that the democrats of the state did not get their campaign quite opened on Saturday night.

Now that the sick soldier issue has proved such a boomerang to the democrats, we would advise them to go back and take up the old argument of 1896, showing how the gold standard has driven the gold out of the country, how it is causing the depletion of the gold reserve in the treasury, etc., etc.

NAMES OF PEARLS.

About Five Thousand Small Ones Can Be Bought For Nine Dollars.

Pearls are named according to their size. The very large are called paragon pearls; when the size of a cherry, cherry pearls; medium are called piece pearls; smallest, dust pearls. The oval and long are termed pear pearls, and badly formed specimens are known as baroque. The value of pearls varies, of course, with the quality and general colors, but the piece, seed and dust pearls always have a market price.

The cherry and paragon are sold on an entirely different basis. If many fine ones are on the market at a time, they may be had at reasonable rates. Some years they bring almost any price. The last two years especially, the dealers say, there has been a great scarcity of fine pearls, although there is no falling off in the supply of the small stuff.

When a pearl exceeds one carat in weight, it is sold separately. Under that weight they are sold in parcels and become less valuable as they become smaller. The smallest dust pearls collected average about 5,000 to the tray once and are rated at about \$9 per ounce. If, on the contrary, one paragon weighing an ounce (or 150 carats) was on sale, it would bring any amount from \$50,000 to \$200,000, according to quality.—Philadelphia Times.

The Austrian government has a Hungarian opal 3 3/4 inches long and 2 1/4 inches thick. It weighs 17 ounces and is worth \$300,000. The fire opal, of a hyacinth red to a honey yellow, with firelike reflections of bright light, is valued at from \$5 to \$10 per carat.

Two little tots of 4 and 5 years respectively, living out of town, were anxiously awaiting the arrival of a favorite uncle from whom they were expecting a visit. The train came in, but no guest appeared, to the bitter disappointment of the little ones. They ran to their mother for consolation, the younger one saying: "Mamma, don't you think Uncle Ned oughter come?" "You mustn't say oughter; say shooder," put in the 5-year-old, with all the dignity that such a correction would imply.—New York Tribune.

Father Ryan.

No American poet has given clearer proof of the possession of poetic genius of a rare order than Father Ryan. Certainly no poet has achieved a more enduring fame and secured a warmer place in the hearts of the people of the south than the "poet priest." He is distinctively known as the poet of the "lost cause"—as the bard whose harp sings so sweetly and so pathetically the requiem of a brave and a proud people over the grave wherein their hopes and aspirations have been buried by the mysterious dispensation of an almighty and all-wise Providence. This fact puts Father Ryan in a unique place, separated from any other American poet of his time. As to the high intrinsic literary value of the majority of his poems, of the genuineness of his poetic faculty and the excellence of his gift of song there can be no manner of doubt.—Alabaster.

Accidentally Shot.

TRIO, Ala., Dec. 31.—As Sam Bowen was passing Pea river church school this morning on his way to hunt turkeys the two little daughters of Zeke Bryant, who were looking out of the school window, waved cheerily to the young man. In play Bowen raised his gun and pointed at the two girls. The fowling piece was accidentally discharged and both girls received fatal wounds from the lead of shot. One died in a short while. The other is not expected to live.

STREET FAIR FORMALLY OPENED LAST NIGHT.

The Mayor and Messrs. Arbuckle and Lewis Welcome the People and Congratulate the Street Fair Management and the Enterprising Spirit of Seymour—Citizens—Performances Witnessed by Immense Crowds—The Exhibits are Enormous.

The street fair was formally launched last night and the beginning was indeed auspicious, such as to make every resident of Seymour proud of his home city. The streets were crowded with people who took a decided interest in all that was going on.

At seven o'clock the members of the several street fair committees formed in line and with two bands marched up and down Chestnut and Second streets to the stage on East Second street, where Mayor A. W. Mills, figuratively speaking, touched the button and the fair was formally begun. The Mayor spoke briefly, but very appropriately, congratulating the street fair management and the citizens of Seymour generally and bidding a cordial welcome to visitors during the week. Mayor Mills was followed by Hon. J. T. Arbuckle and Hon. John M. Lewis, both of whom made excellent brief addresses. All the speakers were generously applauded.

Following this formal opening the performances on the different stages begun and at once gave conclusive evidence that the entertainment feature of the street fair had been in no way neglected. The amusement committee has with us a number of artists who will please and entertain the crowds every afternoon and evening during the week.

This is farmer's day and the tillers of the soil are here in large numbers. A delegation from towards the southeast, headed by the Foster band arrived here before noon and was large enough to attract attention all along the line. There were 365 people in the delegation. This delegation won the prize offered by the Blish Milling Co.

The crowd this afternoon is surprisingly large which means an enormous crowd tonight.

FAIR NOTES.

The people along Chestnut street between Tipton and Bruce are proud of their new street. Some of them are calling it monument place in honor of the marble shop which was the first business established on that block. They have erected nice booths and are street fair enthusiasts. The beautiful arch that spans the street there was paid for by private contributions and speaks for the enterprise of H. W. Godfrey and others.

The corn exhibits at the Hub, W. F. Peter's, Thomas Clothing Company and Binder & Co.'s are as fine as ever seen. Probably 300 entries of corn were made at these three places.

At J. H. Hodsop's booth he is exhibiting some corn, stalk and all, of the cornucopia variety which is attracting much attention. On every stalk there are from three to seven well matured ears of corn, which is characteristic of this variety of corn.

L. F. Miller & Co's display of fancy dressed dolls attracts the attention of every one who passes by.

The pumpkin exhibits at Charley Abel's and The John C. Groub Co.'s are features of the fair and go to show that no larger pumpkins are raised any place than in Jackson county.

The fancy articles at the Gold Mine booth are numerous and tastefully arranged.

Price Bros. have one of the most attractive booths put up and in it they have a beautiful display of fancy articles.

C. R. Hoffman has some of the finest popcorn in his booth ever brought to Seymour.

Other exhibits are equally attractive of which we will have something to say from day to day.

The Columbus band was down last night and did good service, and will be back tonight and every night until the fair closed.

Our Street Fair Song.

We set the pace, and from one point
Our banner shall not fall—
We fling it to the breeze and reach
Some higher than them all!

Our wagon files round Seymour town
Each hour of every day,
Depositing and picking up
All LAUNDRY on the way.

We do not boast, and still we say,
Let business climb or fall—
That of the laundries of the town
THE SEYMOUR leads them all.

We've got the best machinery,
With steadfast hands and galore!
We always make your linen safe
Like seafoam on the shore.

And when it comes to quickness
Let us here politely state
That we have hustled from the start
At a royal rapid gait.

We do not wear your garments out.
Nor wash them out of line—
Your pair of ten-cent socks don't get
A shade of work less fine—

Than your embroidered linen,
Regardless of the quantity
Some folks are in who yawn and yell
Against the SEYMOUR LAUNDRY.
So when our free street fair is o'er
Don't fling this to the dirt.

STREET FAIR FORMALLY OPENED LAST NIGHT.

The Mayor and Messrs. Arbuckle and Lewis Welcome the People and Congratulate the Street Fair Management and the Enterprising Spirit of Seymour Citizens—Performances Witnessed by Immense Crowds—The Exhibits are Enormous.

The street fair was formally launched last night and the beginning was indeed auspicious, such as to make every resident of Seymour proud of his home city. The streets were crowded with people who took a decided interest in all that was going on.

At seven o'clock the members of the several street fair committees formed in line and with two bands marched up and down Chestnut and Second streets to the stage on East Second street, where Mayor A. W. Mills, figuratively speaking, touched the button and the fair was formally begun. The Mayor spoke briefly, but very appropriately, congratulating the street fair management and the citizens of Seymour generally and bidding a cordial welcome to all visitors during the week. Mayor Mills was followed by Hon. J. T. Arbuckle and Hon. John M. Lewis, both of whom made excellent brief addresses. All the speakers were generously applauded.

Following this formal opening the performances on the different stages begun and at once gave conclusive evidence that the entertainment feature of the street fair had been in no way neglected. The amusement committee has with us a number of artists who will please and entertain the crowds every afternoon and evening during the week.

This is farmer's day and the tillers of the soil are here in large numbers. A delegation from towards the southeast, headed by the Foster band arrived here before noon and was large enough to attract attention all along the line. They were 365 people in the delegation. This delegation won the prize offered by the Blish Milling Co.

The crowd this afternoon is surprisingly large which means an enormous crowd tonight.

FAIR NOTES.

The people along Chestnut street between Tipton and Bruce are proud of their new street. Some of them are calling it monument place in honor of the marble shop which was the first business established on that block. They have erected nice booths and are street fair enthusiasts. The beautiful arch that spans the street there was paid for by private contributions and speaks for the enterprise of H. W. Godfrey and others.

The corn exhibits at the Hub, W. F. Peter's, Thomas Clothing Company and Binder & Co.'s are as fine as ever seen. Probably 300 entries of corn were made at these three places.

At J. H. Hodsapp's booth he is exhibiting some corn, stalk and all of the cornucopia variety which is attracting much attention. On every stalk there are from three to seven well matured ears of corn, which is characteristic of this variety of corn.

L. F. Miller & Co's display of fancy dressed dolls attracts the attention of every one who passes by.

The pumpkin exhibits at Charley Abel's and The John C. Groub Co.'s are features of the fair and go to show that no larger pumpkins are raised any place than in Jackson county.

The fancy articles at the Gold Mine booth are numerous and tastefully arranged.

Price Bros. have one of the most attractive booths put up and in it they have a beautiful display of fancy articles.

C. R. Hoffman has some of the finest popcorn in his booth ever brought to Seymour.

Other exhibits are equally attractive of which we will have something to say from day to day.

The Columbus band was down last night and did good service, and will be back tonight and every night until the fair closed.

Four handsome prizes are to be awarded as follows: Luckiest conductor, fine lantern. Luckiest engineer, gold-headed cane. Luckiest fireman, gold-headed umbrella.

THE SEYMOUR STEAM LAUNDRY.

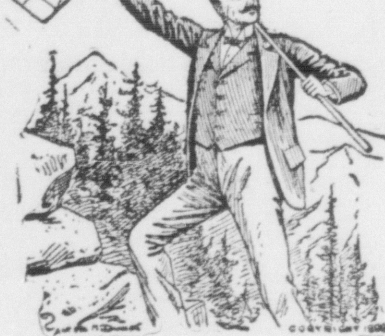

Our Street Fair Song.

We set the pace, and from one point Our banner shall not fall— We fling it to the breeze and reach Some higher than them all!

Our wagon flies round Seymour town Each hour of every day. Depositing and picking up All LAUNDRY on the way.

We do not boast, and still we say, Let business flourish; fail— That of the land is of the town The SEYMOUR leads them all.

We've got the best machinery. With steadfast hands and glory We always make your linen shine Like seafoam on the shore.

And when it comes to quickness Let us here politely state. That we have hustled from the start. At a royal rapid gait.

We do not wear your garments out. Nor wash them out of line— Your pair of ten-cent socks don't get A shade of work less fine—

Than your embroidered linen. Regardless of the quandry Some folks are in who yawn and yell Against the SEYMOUR LAUNDRY— So when our free street fair is o'er Don't fling this to the dirt! But keep it so that you may know The place to send your shirt.

The Seymour Cash Steam Laundry That's the laundry here for me. On Tipton street at our sixteen Telephone, twenty-three

Chronic Dyspepsia Cured.

ON TRIAL

Case of Chaplain McIntyre, of the Oregon, Before a Military Court.

CAPT. BRADFORD WANTED

Commissioners Request His Presence In Paris at Once—Americans Now In Possession of Four-Fifths of Porto Rico. There Is Much Sickness Among the Troops.

Denver, Sept. 27.—The trial of Chaplain Joseph P. McIntyre of the battleship Oregon, by court-martial, for the alleged use of language unbecoming an officer of the navy and calculated to destroy the good order and discipline of the navy during the delivery of a lecture in Denver on Aug. 8, was begun yesterday. The judge advocate, Captain C. H. Lauchheimer, read the charges and specifications prepared by the prosecution. They included alleged extracts from the lecture in which the chaplain is made to say that Admiral Sampson reported himself within four miles of the Spanish ship Cristobal Colon when he struck her colors, in order that he might participate in the prize money, though he had nothing to do with the battle. He was also alleged to have said that when the Oregon went into the fight it met the Iowa, commanded by "Fighting Bob" Evans, going to the rear, where he stayed till the battle was over. He was also charged with saying that the Oregon was the only battleship in the navy that was honestly built.

Earl Cranston of Denver, as attorney for the prisoner, moved that the charge be squashed on the ground that the remarks were not of a scandalous character and only such as are used frequently in the public press and by the people generally. He held that the statements charged could not have affected the discipline of the navy. He also argued that there was no denial of the alleged statements and no charge of malicious intent, and that the charges of fraud in the building of vessels were against contractors and not against the naval department. The court denied the motion to squash. The prisoner then entered a plea of not guilty and the court adjourned.

PEACE COMMISSION. Washington Authorities Receive First Word From Them.

Washington, Sept. 27.—The first word that has come to Washington from the American members of the peace commission since their departure, save a brief announcement of arrival in England, was received at the navy department yesterday, by a cablegram requesting that Captain Bradford, chief of the equipment bureau, be sent at once to Paris to assist the commission. As the officer is the leading expert of the navy department in the matter of coaling stations, ocean routes of communication and strategic points, the inference is that the commission expects to begin promptly the consideration of those subjects so far as they relate to the Philippines and the Ladrones.

Respecting the latter group, from which the United States commissioners are to make a selection for a coaling station, it has been found that the only good harbor is on the island of Guam, the capital of the group, which was captured by one of the war ships bound for Manila. Yet if that is taken, there will be so little of the group thus left, without an ocean harbor, that it is believed that it would be best for both parties, the United States and Spain, to allow all of the islands to go with Guam into the United States' possession.

Wheeler Leaves Camp Wikoff. New York, Sept. 27.—General Wheeler took his final departure from Camp Wikoff yesterday. Today the general will inspect the cadets at West Point, after which he will go to Washington. From that city he will start for Huntsville to assume command of the cavalry.

Knights Templars. Those Who Will Respond to Toasts at the Conclave.

Pittsburg, Sept. 27.—The Knights Templars triennial conclave committee on entertainment has completed its list of the speakers for the grand encampment banquet at Duquesne Garden on the night of Oct. 12. The names of the knights chosen and the toasts to which they will respond are as follows: "Our Country," Sir William McKinley; "Our Absent Fraters," Right Eminent Sir Reuben H. Lloyd of San Francisco; "Templarism of the Twentieth Century," Sir Edwin P. Wagner; "The Grand Kacapanment," Grand Master Warren Larue Thonger; "The Cross," Sir James I. Buchanan of Pittsburg; "Our Ladies," Eminent Sir Daniel H. Hastings. Thomas J. Shyrook, grand commander of Maryland, will be the toastmaster. President McKinley may not find it possible to remain in Pittsburg for the banquet. He is expected to arrive Oct. 11, in time to review the parade, and will probably leave for the west that night.

Bryan Ill. Compelled to Remain in Washington With Malarial Fever.

Washington, Sept. 27.—Colonel William Jennings Bryan of the Third Nebraska regiment was unable to leave Washington yesterday for Jacksonville. "I have a touch of malaria," he said last evening, "and my physician told me that I would have to remain here for two or three days." Colonel Bryan was in bed where he passed most of the day. His face was flushed with fever and he remarked that he guessed he was a little tired out.

"I have been delaying my return to Jacksonville," he added, "for three or four days in the hope that I would feel

Captain Bradford has taken passage on the Lucania, sailing from New York next Saturday.

PORTO RICO.

Four-Fifths of the Island Now In Possession of Americans.

Ponce, Porto Rico, Sept. 27.—The Americans now hold four fifths of the island. The Spanish are retiring upon San Juan from all directions and the American troops are moving up. Some slight disturbances have occurred at Barrios and Fajardo, but their seriousness has been exaggerated.

Captain Hammel's company of the Third Wisconsin regiment entered Cayey Sunday. General Ernest has moved his headquarters to Aibonito, but it is doubtful if his brigade will follow. The percentage of sick in his brigade is 42 and there are on the sick list in the entire command 2,600 men, 400 of whom are suffering from typhoid fever.

The transport Obdam sailed today with 240 convalescents and the Relief left Arroyo with 260. The medical officers generally believe the troops should be sent north, but a few think their condition will improve when they cross the mountains and get into quarters.

CAMP WIKOFF.

Removal of Remains of Troops to Their Stations Ordered.

New York, Sept. 27.—The deputy quartermaster general here, Colonel Amos S. Kimball, yesterday received orders from Washington to remove the remains of the troops at Camp Wikoff to their various stations in the west and south. The first cavalry probably will be the next organization to move under previous orders.

The Ninth cavalry arrived here today on its way to stations in the department of Dakota. The regiment will go dismounted and on arriving in the depot of Dakota will find and use the horses of the regiment which has been guarding the Indians during the war. The regiment relieved by the Ninth will go to Huntsville and there receive the horses of the Ninth, which have been acclimated to tropical service. This arrangement will throw fresh troops into the field and give them acclimated mounts.

MEDICAL OFFICERS.

Orders Issued That Two Shall Always Remain With Regiment.

Washington, Sept. 27.—The war department has ordered that at least two medical officers shall always be left on duty with each volunteer regiment, including a surgeon with the rank of major, and all regiments will be allowed four hospital tents and field furniture to equip them for a regimental hospital for each regiment.

The regulations relative to the burial of officers killed in action or who die on duty in the field, at military posts or when travelling under orders, has been amended so as to provide that the remains may be transported to the homes of relatives if they so desire, or to the nearest military post for burial. That expense will be paid from the appropriation for transportation, and the allowance for other expenses has been increased to \$75.

Soldiers suffering confinement by sentence of court-martial, but not dishonorably discharged, have been ordered paroled while their regiments are on furlough preparatory to being mustered out, and the unexecuted part of their sentences are declared remitted.

Illinois Miners

Call Upon Governor Tanner and Protest Against Importation of Labor.

Springfield, Ills., Sept. 27.—A large delegation of miners representing mines in different sections of the state, called on Governor Tanner yesterday afternoon to protest against the importation of negro miners into Illinois. The delegation was headed by President Hunter and Secretary Ryan of the United Mine workers. The governor expressed the strongest sympathy for the miners. He said that in the absence of federal legislation the worst case apparently could be gotten together and moved in great masses from one part of the country to another to the detriment of labor. He promised to exert all his power against the importation of labor. The Illinois statute prohibiting bringing armed bodies of men into the state, the governor assured the miners, would be enforced. The governor pointed out also that county boards of supervisors could refuse to pay for armed deputies to guard imported miners.

SPAIN'S ORDERS

Her Peace Commissioners Must Insist on Spanish Sovereignty in the Philippines.

HOBSON MOST CONFIDENT

That He Can Raise the Cristobal Colon In a Week, If Given Permission—Says He Expects to Return to New York on the Spanish Cruiser—General Woods' Advice to Capitalists.

Madrid, Sept. 27.—The cabinet has had under discussion Captain General Blanco's dispatch concerning the American claims in connection with the evacuation of Cuba.

Duke Almodovar de Rio, minister of foreign affairs, states that the Spanish peace commissioners have been instructed to contend strongly for the integrity of Spanish sovereignty in the Philippines, on the ground that the protocol between Spain and the United States was signed before Manila capitulated; and also to make a firm stand regarding the Cuban debt and the Philippine loan of 1896, if Luzon is ceded to the Americans.

Should the United States prove less exacting than is expected, the commissioners have power to make all possible concessions, political and commercial, compatible with the retention of Spanish sovereignty in the Philippines; but in the event of losing the portion of the islands, they are instructed to resist to the utmost any attempt of the United States to claim the right of preference over other powers should Spain desire to sell or cede the remainder of the islands.

CRISTOBAL COLON.

Hobson Says He Expects to Return to New York on the Vessel.

Santiago de Cuba, Sept. 27.—Details just received of the floating of the Spanish armored cruiser Maria Teresa show that with the help of dynamite she was blown off the rocks into deep water on Sept. 23, and proceeded under her own steam some time afterward to Guantanamo. She will leave shortly for New York.

Naval Constructor Hobson says he can raise the Spanish cruiser Cristobal Colon with the use of air bags in a week, if given authority to do so. Commodore Watson thinks he cannot. The Colon, it appears, was not seriously damaged by shells, but her valves were opened, which caused her to sink.

The other two Spanish cruisers sunk in the battle of Santiago—the Almirante Oquendo and the Vizcaya—are useless wrecks of melted iron. Hobson says he expects to return to New York on the Colon.

In answer to a number of small capitalists who have written him asking for information and advice as to coming to Santiago, General Woods advises them not to come here until December, as there are no facilities at present for the transfer of property. After that time there will be many opportunities for the use of brains and capital.

The city of Santiago is cleaner and healthier now than ever before in its history. No cases of yellow fever are recorded.

Upon instructions from Washington, schools here will be opened on the first Monday in October.

FOR RELIEF PURPOSES.

All Vessels Bringing Supplies Will Be Given Free Entry In Cuban Ports.

Havana, Sept. 24.—General Blanco has authorized the free entry of the Comal and other vessels bringing supplies for the relief of the sufferers in Cuba. Matanzas now, and in the future, as reported, will be the first port where relief supplies will be landed, owing to Captain Page's report of the distress existing there. The Comal, it is supposed here, arrived at Matanzas yesterday.

The captain general has decided to remit the fine of \$500 imposed upon the Clinton because she did not have a manifest and has ordered the money to be refunded. The payment was made under protest and by direction of President McKinley.

The Junta Patriotica of Matanzas has held a meeting, at which it was decided to address a letter to President McKinley, setting forth that "an immense majority of the people of this island adhere strictly to the government constituted by the revolution as being the only ideal of the Cuban people."

Committees have been appointed for the purpose of securing signatures to this document in every city and village of Cuba, which will make it a very lengthy affair.

GENERAL GOMEZ'S MEN

Have Eaten All Their Pack Mules and Still They Are Starving.

Washington, Sept. 27.—Sencor Rivera, the Cuban subagent at Tampa, has been visiting Secretary Quesada of the Cuban delegation here for several days. He brings word of extreme distress among the Cubans in and about Tampa. He says about 3,000 of them are anxious to return to Cuba and begin work, but they are destitute and unable to make the move. Secretary Quesada receives similar reports concerning the condition of General Gomez's men. A telegram from Key West announces the arrival there of a commission from Gomez with a view to securing assistance. The dispatch states that the army is literally starving to death; that the pack mules have been killed and eaten until there is no further meat from this direction, and that the people are well nigh desperate.

Sent to the Pen.

Recent Mysterious Disappearance of a Young Man Explained.

Richmond, Ky., Sept. 27.—John Will Callahan, who mysteriously disappeared two weeks ago from relatives near Million, this county, and was thought to have met with foul play, turned up here in the custody of the sheriff of Jackson county, who was taking him to Franklin, along with two other prisoners, to serve a term of three years in the penitentiary. It seems that a few hours after leaving his uncle at Million he was arrested in this city on the charge of stealing a cow, and hurried away to McKee, having barely time to send back to his uncle at Million the mysterious note that led to the murder theory. All trace of him was lost and his relatives here knew nothing of his crime until he was brought here by the sheriff who told of his conviction at the recent term of the Jackson court. Callahan is but 17 years old.

Judicial Convention.

By order of the republican county chairmen of Jackson, Orange and Washington counties, which composes the 421 judicial district, the judicial delegates of each of those counties are hereby notified and requested to meet at Orleans, Oct. 3 at 1 p. m. for the purpose of nominating a prosecuting attorney and to transact such other business as may properly come before said judicial convention.

D. H. WATERS, Chair. J. C.

AARON MAHIS, Chair. O. C.

The democratic leaders have joined with the Spaniards in condemning McKinley's management of the war.

Now the soldiers who have returned say: "yes we saw many hardships as do all soldiers, but we have no complaint to make of the government which we enlisted to fight for. Thus the democrats are again without an issue.

From the tone of the Indianapolis Sentinel and from the democratic exchanges at hand, it would seem that the democrats of the state did not get their campaign quite opened on Saturday night.

Now that the sick soldier issue has proved such a boomerang to the democrats, we would advise them to go back and take up the old argument of 1896, showing how the gold standard has driven the gold out of the country, how it is causing the depletion of the gold reserve in the treasury, etc., etc.

Bucklen's Aint a Salve

The best salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever sores, Tetter, Chapped hands, Chilblains, Corns, and all Skin Eruptions. Positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per bottle. For sale by W. F. Peter.

WHY ALL THIS CHANGE.

The democratic party is not enlarging very much of late upon the beauties of a 30-cent silver dollar. It is not talking very much about the markets of the world. It is not making very many comparisons between the Wilson and the Dingley tariff laws. It is not saying a great deal about the endless chain that is taking the gold out of the treasury. It has no stomach for the question of deficits. Even the scarcity of money does not excite its commiseration. And its calamity howlers are singing a low mournful song. Why all this? Because the great heart of the party has gone out in sympathy for the sick and starved soldier and it is no time in the midst of sorrow to think and talk of sordid and worldly things.—Columbus Republican.

Can Sleep Like a Babe.

How many persons over thirty years of age in Seymour can truthfully make the above statement? Many persons will pay \$50 for a few nights of restful strength giving sleep, but you can get this bliss right here in Seymour for only fifty cents at Alpha Cox's Drug Store if you take Mrs. Mary Smith's advice who lives at 1811 Cooper St., Jackson, Mich. Mrs. Smith says: "No one knows how much I have suffered for the past three years. At times my back would pain me so badly that I almost cried. I did not rest well at night on account of the severe pain across my kidney and from nervousness. My feet and limbs were swollen like one with dropsy. I was subject to spells of dizziness and would almost fall when they would come on me. It is needless for me to say that I was unable to do my heavy household work which required me to bend or lift. In the early stage of my trouble I was informed that my kidneys were diseased so I commenced to use kidney pills and other kidney remedies, but none of them gave me relief. My troubles multiplied and I had about given up all hope of ever being well again. I read about Morrow's Kidney-oids and procured a box and took them according to directions. In three days time I was appreciably relieved. One box completely cured me. Not the least symptoms of backache remain, my nerves are steady and all right; no more spells of dizziness and the swelling has disappeared. In my feet and limbs. I can sleep like a babe. Have a splendid appetite, can do any kind of house work and in fact never felt better in my life. Morrow's Kidney-oids are surely a God send to suffering humanity. I feel so good that I want everyone to know about this cure, and desire my statement published that all who read may know what to take if afflicted as I have been."

Mrs. Smith has lived in Jackson on nearly all her life and is a most estimable lady. She is cheerful, pleasant, charitable lady and will gladly give anyone further details who will write her enclosing stamp for reply. Kidney-oids are Yellow Tablets (not pills) and cure kidney ailments and nervousness. They are for sale by all first class druggists or will be mailed by the manufacturer on receipt of Price. John Morrow & Co., Chemist, Springfield, Ohio.

SACRIFICE.

It seems a dream—I cannot make it clear—That 'twas but yesterday, dear love, that thou wert here. But one brief day ago I felt thy pulsing breath. And this is death.

The world is changed; no, nothing, nothing's right. A soul is bathed in deepest, darkest night. A few short hours, and yet the sun's bright ray Cannot transform my darkness into day.

For freedom! Ah, will Cula ever know How her redemption fills my life with woe? Be brave, O heart, like unto him who gave, As thou, his all, those suffering souls to save. —Rose Van B. Speck

THE ENGLISH NOT PROFANE.

Little Bad Language In London Outside of Petticoat Lane.

Little rough or rude language is used by the English. They even fight without swearing and get very drunk and noisy without employing strong language. They love to chaff and guy each other, and the crowds and the street people who drive horses and peddle goods and hang about the corners are a great deal wittier than most of us give them credit for being, but they seldom resort to bad language. I never heard much of it until I went to Petticoat Lane, and I know a woman who has lived here two years and been constantly about town who tells me that in that time she has only heard one oath from an Englishman's lips. The worst word I heard in Petticoat Lane was "bloody." That, however, is the worst word I could have heard—in English opinion it is the foulest word there is. I have only heard one man use it and he did not speak it. He was very angry, and he spelled it.

I am telling you this because I know that at home in America we associate it with the English and put it in Englishmen's mouths in our anecdotes, as if it were a matter of course that it should be used to give a local color to an English story. Americans come here and make use of the word for the comic value that they attach to it, and yet I assure my readers that if they tried to think of any really disgusting term they had ever heard and made use of instead they could not more startle or shock these English ears.

English sailors have brought the word "bloody" to our shores—sailors and prizefighters and stablemen, and only such persons cling to it here. What we consider a very much fouler word has a vastly wider circulation, but is not considered as bad as "bloody." All this is very strange and requires a native to explain it, especially as "bloody" is merely the contraction of the oath "by our Lady," which was more or less commonly used in the ancient days when this was a Roman Catholic country.

The people who try to swear without swearing—who in our country say "hully chee" and "by cripes," all use the word "blooming" over here. "I can't very bloomin well make you buy this bloomin thing, but I'll have a bloomin try at it," is what I heard a street fakir say to a crowd the other day. There is no harm in that at all, and it is much more typically English than the word "bloody," besides being decent.

It is funny what mistakes nations make about one another. Over here the very smart thing in reporting the speech of us Americans is to make us all and always call ourselves "Amurricans." It may be true of us. This whole nation believes it. But I never heard an American so pronounce the name of our country, and yet I've got a quick linguistic ear, which is a thing the English utterly lack.—Julian Ralph in Providence Journal

NAMES OF PEARLS.

About Five Thousand Small Ones Can Be Bought For Nine Dollars.

Pearls are named according to their size. The very large are called paragon pearls; when the size of a cherry, cherry pearls; medium are called pearl pearls; smallest, dust pearls. The oval and long are termed pear pearls, while badly formed specimens are known as baroque. The value of pearls varies, of course, with the quality and general colors, but the piece, seed and dust pearls always have a market price.

The cherry and paragon are sold on an entirely different basis. If many fine ones are on the market at a time, they may be had at reasonable rates. Some years they bring almost any price. The last two years especially, the dealers say, there has been a great scarcity of fine pearls, although there is no falling off in the supply of the small stuff.

When a pearl exceeds one carat in weight, it is sold separately. Under that weight they are sold in parcels and become less valuable as they become smaller. The smallest dust pearls collected average about 5,000 to the tray ounce and are rated at about \$9 per ounce. If, on the contrary, one paragon weighing an ounce (or 150 carats) was on sale, it would bring any amount from \$20,000 to \$200,000, according to quality.—Philadelphia Times

The Austrian government has a Hungarian opal 3 3/4 inches long and 2 1/4 inches thick. It weighs 17 ounces and is worth \$300,000. The fire opal, of a hyacinth red to a honey yellow, with firelike reflections of bright light, is valued at from \$5 to \$10 per carat.

They ran to their mother for consolation, the younger one saying: "Mamma, don't you think Uncle Ned oughter come?" Father Ryan.

No American poet has given clearer proof of the possession of poetic genius of a rare order than Father Ryan. Certainly no poet has achieved a more enduring fame and secured a warmer place in the hearts of the people of the south than the "poet priest." He is distinctively known as the poet of the "lost cause"—as the bard whose harp sings so sweetly and so pathetically the requiem of a brave and a proud people over the grave wherein their hopes and aspirations have been buried by the mysterious dispensation of an almighty and all-wise Providence. This fact puts Father Ryan in a unique place, separated from any other American poet of his time. As to the high intrinsic literary value of the majority of his poems, of the genuineness of his poetic faculty and the excellence of his gift of song there can be no manner of doubt.—Al. Kahest.

STREET FAIR FORMALLY OPENED LAST NIGHT.

The Mayor and Messrs. Arbuckle and Lewis Welcome the People and Congratulate the Street Fair Management and the Enterprising Spirit of Seymour—Citizens' Performances Witnessed by Immense Crowds—The Exhibits are Enormous.

The street fair was formally launched last night and the beginning was indeed auspicious, such as to make every resident of Seymour proud of his home city. The streets were crowded with people who took a decided interest in all that was going on.

At seven o'clock the members of the several street fair committees formed in line and with two bands marched up and down Chestnut and Second streets to the stage on East Second street, where Mayor A. W. Mills, figuratively speaking, touched the button and the fair was formally begun.

The Mayor spoke briefly, but very appropriately, congratulating the street fair management and the citizens of Seymour generally and bidding a cordial welcome to visitors during the week. Mayor Mills was followed by Hon. J. T. Arbuckle and Hon. John M. Lewis, both of whom made excellent brief addresses. All the speakers were generously applauded.

Following this formal opening the performances on the different stages begun and at once gave conclusive evidence that the entertainment feature of the street fair had been in no way neglected. The amusement committee has with us a number of artists who will please and entertain the crowds every afternoon and evening during the week.

This is farmer's day and the tillers of the soil are here in large numbers. A delegation from towards the southeast, headed by the Foster band arrived here before noon and was large enough to attract attention all along the line. There were 365 people in the delegation. This delegation won the prize offered by the Blush Milling Co.

The crowd this afternoon is surprisingly large which means an enormous crowd tonight.

FAIR NOTES.

The people along Chestnut street between Tipton and Bruce are proud of their new street. Some of them are calling it monument place in honor of the marble shop which was the first business established on that block. They have erected nice booths and are street fair enthusiasts. The beautiful arch that spans the street there was paid for by private contributions and speaks for the enterprise of H. W. Godfrey and others.

The corn exhibits at the Hub, W. F. Peter's, Thomas Clothing Company and Binder & Co.'s are as fine as ever seen. Probably 300 entries of corn were made at these three places.

At J. H. Hodepp's booth he is exhibiting some corn, stalk and all, of the cornucopia variety which is attracting much attention. On every stalk there are from three to seven well matured ears of corn, which is characteristic of this variety of corn.

L. F. Miller & Co's display of fancy dressed dolls attracts the attention of every one who passes by.

The pumpkin exhibits at Charley Abel's and The John C. Groub Co.'s are features of the fair and go to show that no larger pumpkins are raised any place than in Jackson county.

The fancy articles at the Gold Mine booth are numerous and tastefully arranged.

Price Bros. have one of the most attractive booths put up and in it they have a beautiful display of fancy articles.

C. R. Hoffman has some of the finest popcorn in his booth ever brought to Seymour.

Other exhibits are equally attractive of which we will have something to say from day to day.

The Columbus band was down last night and did good service, and will be back tonight and every night until the fair closed.

WEDNESDAY, SEPT. 28, RAILROAD MEN'S DAY.

Four handsome prizes are to be awarded as follows: Luckiest conductor, fine lantern. Luckiest engineer, gold-headed cane. Luckiest fireman, gold-headed umbrella.

Luckiest trainman, fine gold pin. All railroad men will register at fair headquarters and there receive a chance on the prizes of their respective organizations.

THURSDAY, SEPT. 29, SECRET SOCIETY DAY.

Parade in the afternoon in which all visiting members are invited to participate. All lodges in the city will keep open house on this day.

FRIDAY, SEPT. 30, SOLDIERS' DAY.

A handsome flag will be given to the largest visiting post by the Seymour organization.

Parade in the afternoon. Several prominent orators will be present. Special program for this occasion.

SATURDAY, OCT. 1, FLAG DAY.

A monstrous flag parade at 6:30 p. m. in which everybody is requested to get a flag and fall in.

Immediately upon the disbandment of the parade the shows upon the large stages will have special programs for the evening.

The fair concludes with a grand lantern parade in which ten thousand people and four bands will take part.

THE SEYMOUR S. EAM LAUNDRY.

Our Street Fair Song.

We set the pace, and from one point Our banner shall not fall— We fling it to the breeze and reach Some higher than them all!

Our wagon files round Seymour town Each hour of every day, Depositing and picking up All LAUNDRY on the way.

We do not boast, and still we say, Let business climb or fall— That of the laundry is the town THE SEYMOUR leads them all.

We've got the best machinery, With steadfast hands galore! We always make your linen shine Like seafoam on the shore.

And when it comes to quickness Let us here politely state, That we have hustled from the start, At a royal rapid gait.

We do not wear your garments out, Nor wash them out of line— Your pair of ten-cent socks don't get A shade of work less fine—

Than your embroidered linen, Regardless of the quandry Some folks are in who yawn and yell Against the SEYMOUR LAUNDRY.

So when our free street fair is o'er Don't fling this to the dirt; But keep it so that you may know The place to send your shirt.
